

Cognition Therapeutics Announces Closing of Public Offering

November 15, 2022

PURCHASE, N.Y., Nov. 15, 2022 (GLOBE NEWSWIRE) -- Cognition Therapeutics, Inc., (Nasdaq: CGTX), (the "Company" or "Cognition") today announced the closing of its previously announced underwritten public offering of 5,000,000 shares of its common stock at a public offering price of \$1.20 per share. The gross proceeds to Cognition, before deducting underwriting discounts and commissions and estimated offering related expenses, were approximately \$6.0 million. In addition, Cognition has granted the underwriters a 30-day option to purchase an additional 750,000 shares of its common stock.

Cantor Fitzgerald & Co. acted as sole book-running manager for the offering. Newbridge Securities Corporation acted as co-manager.

Cognition intends to use the net proceeds of the offering to fund the development of its product candidates and for working capital and other general corporate purposes.

The shares were offered by Cognition pursuant to an effective registration statement on Form S-1 (File No. 333-268228). The underwritten public offering is being made solely by means of a prospectus. A final prospectus relating to and describing the terms of the offering has been filed with the Securities and Exchange Commission (the "SEC") and is available on the SEC's website at www.sec.gov. Electronic copies of the final prospectus may also be obtained from Cantor Fitzgerald & Co., Attention: Capital Markets, 499 Park Avenue, 4th Floor, New York, New York 10022 or by email at prospectus@cantor.com.

This press release shall not constitute an offer to sell or the solicitation of an offer to buy these securities, nor shall there be any sale of these securities in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of any such state or other jurisdiction.

About Cognition Therapeutics

Cognition Therapeutics, Inc. is a clinical-stage biopharmaceutical company engaged in the discovery and development of innovative, small molecule therapeutics targeting age-related degenerative disorders of the central nervous system and retina. We are currently investigating our lead candidate CT1812 in clinical programs in Alzheimer's disease, dementia with Lewy bodies (DLB) and dry age-related macular degeneration (dry AMD). We believe CT1812 and our pipeline of σ -2 receptor modulators can regulate pathways that are impaired in these diseases. We believe that targeting the σ -2 receptor with CT1812 represents a mechanism functionally distinct from other current approaches in clinical development for the treatment of degenerative diseases. Forward-Looking Statements

To the extent any statements made in this press release deal with information that is not historical, they are forward-looking statements under the Private Securities Litigation Reform Act of 1995. Such statements include, but are not limited to, statements regarding the closing of the offering, as well as the anticipated use of proceeds from the offering and other statements identified by words such as "will," "potential," "could," "can," "believe," "intends," "continue," "plans," "expects," "anticipates," "estimates," "may," other words of similar meaning or the use of future dates. Forward-looking statements by their nature address matters that are, to different degrees, uncertain. Uncertainties and risks may cause our actual results to be materially different than those expressed in or implied by our forward-looking statements. For Cognition, this includes stock price volatility and the impact of general business and economic conditions. More detailed information on these and additional factors that could affect our actual results are described in our filings with the Securities and Exchange Commission, available at www.sec.gov. All forward-looking statements in this news release speak only as of the date of this news release. We undertake no obligation to update or revise any forward-looking statement, whether as a result of new information, future events or otherwise, except as required by law.
